

Combined Junior and Senior Choirs

THE GREEN AND THE GOLD

Verse 1 & 3

We are Australians we're proud and we're free.
Standing united for all to see.
On high plains and sea shores the young and the old.
In the land of the green and the gold.

Verse 2

We've come from countries all 'round the world.
To join with our brothers together we've toiled.
Now all those who live here belong to the fold.
In the land of the green and the gold.

Chorus

With high hope and courage, we've built this land.
A nation where children can live hand in hand.
From cities to outback and our Uluru,
Australia is our home.
